The Professional Axe for you!

INNOVATIVE IDEAS DEVELOPED BY **Yamaki**

[EPOCHAL ROD SYSTEM]

What is **ERS**...? Pat.P. No. 52-169168

Aren't you fed up with taking off the strings, pickguard when you need a slight adjustment to the neck?

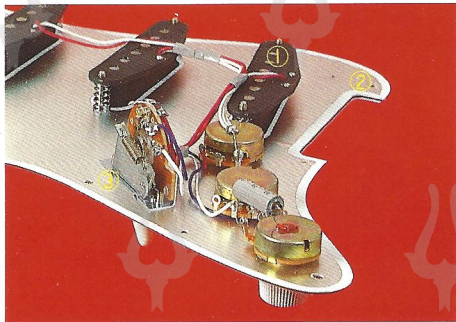

We cleared up all of these hustles for you.

It's a touch!! (Gear Ratio 17:1)

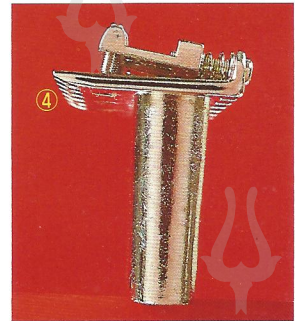

Follow the way shown on the illustration. (Left)

Available on all of YST, YPB & YJB series.

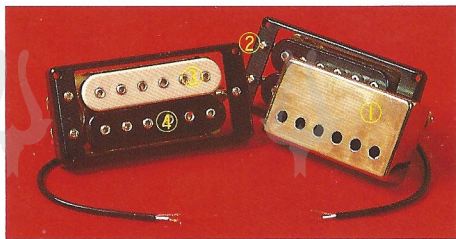

[YST Pickups, Circuit & Tremolo Block]

1. New 7200 wiring system. It cuts off the noise and gives you screaming sound!!
2. Noise-free new conductor and the shielded paper.
3. YAMAKI original Half-5 position switch. It gives you a touch of sense!!
4. You wanna try the Octave-Down ??? Try with our new 12° angled Tremolo Block!!

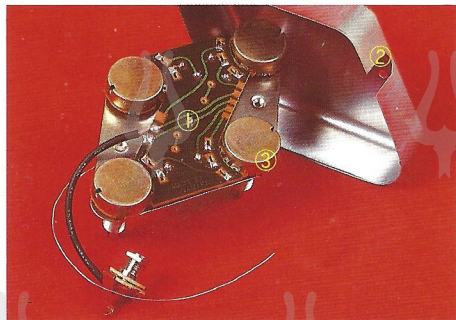

[YLP Pickups, Circuit & Toggle Switch]

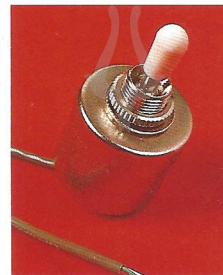

Here's the new axe for you !! YAMAKI original 5000-2turn pickups.

1. Easy removable pickup covers
2. Let's be free from tilted pickups! YAMAKI original triple screw system
3. Good-Old early 60's hobbins. Neat color combination.
4. Hexagonal adjustable polepieces for your individual setting. (500, 600, 800 series)

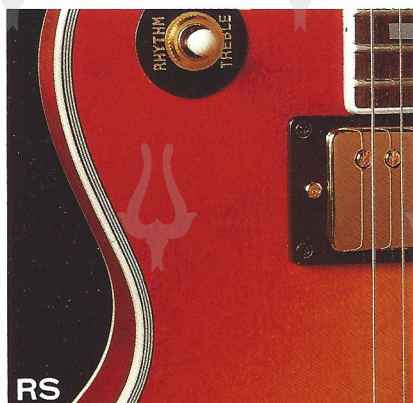

1. Printed Volume & Tone Circuit. It's neat and trouble-free!!
2. Perfect Noise-free shielded box.
3. Feather-touch Volume & Tone knobs (Torque coefficient under 10 grs.)

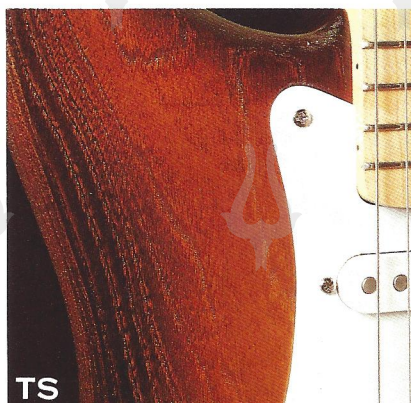

Perfect shielded Toggle switch. It frees you from the trouble you used to have!!

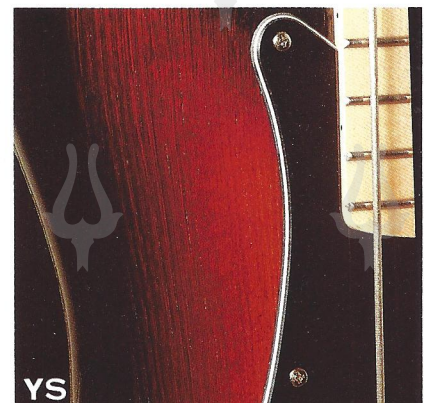

[Color Finish]

RS

TS

YS

The new method of coloring!! We care for the natural wood grain. It has nicer looking than ever. Appears on all of YAMAKI model.
