

# The Heart of Washburn

"I use my Washburn Eagle for "Straight On" and get a real clean Strat sound... the next song is "Even it up" where I need a real dirty sustaining sound, and it works that way to... it's an incredible guitar!"

"This year I'm taking mainly custom instruments on tour... except for my Washburn A-20 which is a stock model. That guitar is great just the way it is!"

"Nancy owns 4 Washburns, she's bringing the White Eagle on tour with her... it's a lovely stage guitar... beautiful abalone inlays, a printed circuit board inside it, Washburn handwound pickups, and coil disconnect switches built into the volume pots. It's got a nice fat Les Paulish sound to it, not too dirty or too clean. In fact I like it so much, I've ordered one for myself!"
